input

Enter number of students: 2

1-IOT

2-Advanced Java

3-J2EE

Enter the name of student: aaa

Enter the choice: 1

Enter the name of student: bbb

Enter the choice: 2

Operation 1:

Enter the choice of elective you want to get the list for:

2

> bbb

Operation 2

Number of students in IOT elective: 1

Number of students in Advanced Java elective: 1

Number of students in J2EE elective: 0

Operation 3

IOT students must chose another elective due to less number

choose between Advanced Java(2) and J2EE(3)

3

Advanced Java students must chose another elective due to less number

choose between IOT(1) and J2EE(3)

1

J2EE students must chose another elective due to less number

choose between Advanced Java(1) and J2EE(2)

2

Number of students in IOT elective: -2

Number of students in Advanced Java elective: 3

Number of students in J2EE elective: 1
